ok i went and read the blog.... but i found this to be the funniest thing of all..

Darth Vader is an immaculately conceived knight-bastard imbued with magical powers who rules the known galaxy at the right hand of the merciless and brilliant Emperor Palpatine I. Though he maintains palaces on both Coruscant and Vjun, Vader spends most of his time travelling aboard Executor, the flagship of his deadly pan-galactic armada. He enjoys fixing things, listening to music, and crushing people's tracheas with his mind.

side note on my part... he also enjoys long walks on the beach and brandy by firelight !!
