I just saw the costume in 52 Week 9. Too bright? Do you mean that the cape should be black instead of dark red?

The costume I saw had red boots, gloves, insignia and cape. All of the rest was black.

Ok, you're right. It's really not as bright as I thought it was at first. It's not as bright as the black and yellow that Barbara wore. I'll wait til I've read a bit more to pass judgement on it. Maybe it's just the retro look that bugs me...I really like the dark outfit(black/blue with yellow trim) that Pat2004 did. I'd like to see more of that. Maybe one with the hood down. Does that mask have Bat ears?
