Our own Android is searching for his mechanical mate. She must be both technically superior, and a piece of art.

Draw a Female Android for Android!

due at the last stroke of midnight on 9/16/06 for the planet you presently occupy

Keep in mind that our man droid is of particular tastes. He will not want a siliconed floosie that's had her software upgraded to planetary proportions, but rather a bot he could settle down with.

You may if you choose:
