Yep, Sorayama is the artist that got me liking sexy robot girls (like the couple I have in the Members section: <http://heromorph.com/heromorph2/modules/myalbum2/photo.php?lid=527> , <http://heromorph.com/heromorph2/modules/myalbum2/photo.php?lid=1089>)

I remember back in the 80's there was a pepsi commercial that had a sexy robot in it. I have yet to see that commercial, though, and so far a search on the net can't find it (and if it can't be found by Google, it doesn't exist).
