I am that thing you fear that lurks in the dark. I watch you while you sleep, I know what you are dreaming... and I wait. I wait silently while you slumber, feeding off of you..... your nightmares are euphoric to me... which is why I'm glad I can give you so many. I am "The Lurker"....

so thats what I thought of when I read that little term, of course I am not a lurker, I've been here since the beginning of HM and actually helped Hubcap amass a collection of avatars... I just have far more talent than I have time as of late. :(
