GreenGuardian and Offguard.....

If you were to take a look at my hm gallery and my comic art gallery..... You'd notice that I as well am primarily a penciler. What I did that's in the HM gallery was just to prove I could do it. What's in the comic art gallery, if you dig you'll find how I started and may even see a progression in skill or even style. As an example, someone mentioned my problems with hands and if you look you can tell that I've been trying to work on that problem. Hell, when I posted that Nexus, I kept finding issues myself. But someone praised it in such a way that it made the whole thing worthwhile to me. So yes, your comments and praise does help.
