Who is loling at me?

Right, let's see now...

What's in it for the artist?

She doesn't look the part. Too young and dull.

Why don't you do it yourself...

and of course - who would want to do this pic knowing you're just going to whack off to it?

LOL LOL LOL

I think Angie Everhart makes a far better Batgirl. Especially when she is standing in front of a tropical beach for no apparent reason.

Wish someone would make a pic like [that](#)...
