Video Game/Movie Contest

Prizes

Your choice of one of the following, games are multi-platform...movies are NTSC, I might be able to get PAL for our overseas contestants

[Justice League Heroes](#)

[Marvel Ultimate Alliance](#)

Comic to Film DVD of your choice (example: Superman Returns, X3, Road to Perdition, etc.)

Requirements

Pretty simple, there are two comic related games coming out...create a multi-character scene with some of the characters that are listed in the games. You can use characters (playables or NPCs) from either game, or mix and match for a crossover. Portrait images count...just has to be multi-character.

Here are the games websites and their respective list of known characters...please stick to what is listed in Wikipedia.

Judging

Adhere to the requirements above...nothing more, nothing less. The pic that gets the most 1st place votes from a panel of judges wins. This is not like the Challenge of the Artists...feel free to be unoriginal and stick to your guns. :D

Deadline

11/25/06 700PM EST

This contest is also open to C2F artists.

Questions, comments, etc...post here and I'll answer when I see it.
