Yes that flying was SWEEEEET!!! Even the landing didn't suck.

I have a couple theories. I don't think Mohinder Suresh will be the Xavier of this group. I'm thinking that will be Claire's "father". He's studying these people but not hurting anyone. They're trying to suggest he's the bad guy, but I think that's a curve ball. I think that cute little "innocent" girl helping Mohinder is the assassin that killed his father. And yes i do think he's dead. His body was misfiled, but Mohinder did identify it and have it cremated.

Hiro is definitely my favorite character. He did not steal that comic. He paid with Japanese money...probably overpaid.

The kid genius is way more interesting than his whore mother. His power is his genius. How many kids can build a new computer logic circuit with a soldering iron. His dad is almost certainly innocent of the murders...she's been doing all the killing.

I'd like to see the artist, Isaac, learn to access his power without the drugs, since he's now seen Peter do it stone sober. I think the time frame he paints varies, sometimes 2 or 3 weeks, but this the kiss under the umbrella was "6 weeks ago".

I hope they introduce more characters other than having Sylar just kill them off. It'd be cool to see someone put up a fight.

Love this show!!! Can't wait til next week!!!
