Hey Guys and gals, in an attempt to kick things up a notch I would like to get some suggestions from you, the writers, about what you would like to see happen with the Fan Fiction area. There are challenges that I would like to plan and I would like to hear what you think about them. One of them is a joint venture story where one writer writes 500 to 750 words and passes it on to the next writer who adds to the story and then passes it to the next one and so on and so on. I am also considering a challenge where all contestants are given the same basic outline and then everyone writes a story about it. the best one, determined by votes, wins. I look forward to hearing from all of you writers and please feel free to suggest ideas or pass along any spare money

this way.
