hey don;t get the wrong idea about my last post i don't need a 100 pm's asking me what my deal is,both radder and ubald are really,really,really freakin good, but they are not noobs they have been doing this for a while now,they both have very impressive galleries at animotions,alot of what they're posting here is their older stuff, but still very impressive works, they are a couple of the best at animotions.so there i cleared the air i would love to get some pointers from these guys ,esp ubald i'm a big fan of his animtions works
