DD... you never cease to amaze me with your totally random images... how does that song remind you of THAT woman. It doesn't remind you of J-Lo or any other woman with a large "back" You make me laugh... there are plenty of other images that come to mind instead of some pretty lady in a nice gown.

Sorry... got confused by DD's comment.

That was one of the funniest things I think I have seen in a long time.... Thanks for sharing!

My Dear Jr.It reminds me of the Vid because I was thinking just that when she (Nelly Furtado) was performing at the AMA awards in that exact Shiny Silky White Dress?

I could just hear her backstage before going on saying:-
"Does this Dress make my butt look big?"

I guess you really had to be watching the awards show she was performing on to really get the Full effect?

Oh, and yes J-Lo's got Back Too!
