Yep, that's the lady in question!

As a minor note, I have, with the exception of the two indies that you mention here, everything Darian has done so far for Seduction Cinema, including their newest release, "Kinky Kong" (don't ask) :spotless:

But, DD, what about the statement I make about the research? Don't you, as a well-known 'man-about-Heromorph', have any thoughts on that factor? You can get Darian...have a \$200,000,000 budget...the best F/X possible...a director as good as Peter Jackson...and with a script that's not even good as toilet paper, you get nuttin' but litter box droppings!

Oh, well...at least we know what we are doing around here...I think

(Conan's available, by the way...)
