No, no 'Dack...sorry, I realize that!!! I'm just sayin' that we (as a site) should collectively, come up with an idea to promote the site via Vid'.... instead of these guys/gals out there that are just making videos that use OUR images... and I know exactly what you mean about the possessivness, remember the whole wizard entertainment thing a couple years ago??? Some people got really mad about that...

I'm sure there is somebody out there that can create a vid for this site, that is ten times better than the one posted in this thread... So that's what we gotta do, find that idea or person... that's all I meant bro!!!

See you on the flipside
