I agree with Jr on this whole heartedly. The cartoon was painful to the ears as a kid. The soul reason I watched it was because Racer X was a bad ass. It's sooooooooooooo bad, in fact, that years later I would discover my neice watching Power Puff girls, hear the voice of Mojo JoJo, and think "Dear God, not again" Having the Whatchamapoopsy brothers makes no difference to me. As Jr said, I can't see how you kill the main character after all that. Hell, I skipped Dune Messiah just because they talked about killing Paul Mau'dib. So sorry to sound like a Jr clone, but :puts on Jr hat and breaks out megaphone:

THIS MOVIE'S GONNA SUCK!!!!!!
