I've only been at this for, what, 2 months now, but I have seen their work, and can only hope to get as good as them, eventually.

Oh, and Voltron, thanks for the pointers with hair in my first post (the klingon babe). Although I haven't gone back to that render yet, the help you (and others on other forums) with more experience with poser has helped a lot.

(if anybody else has any pointers on my renders [other than 'boobs too big'  
] feel free to let me know  
).
