Thanks guys.

I appriciate the thoughts, I am still looking for someone to possibly doing a poser piece with his picture as the background, and a couple of hero's, maybe Suprman batman spiderman and ironman with a flag at half staff. Julie is trying to gt the password for his myspace account and I think it would be nice to have something like that posted there. If they won't give the password to her, she is going to make a memorial page for him. Thanks for the kind words and suport.

MC
