Hi i'm Joe

Can i request a DID image of the Marvel Ultimate version of Black Cat and Mary Jane Watson.

Can they both have their hands tied behind there back, rope under and around their chest, around their knees and ankles. Can the gag for both of them be a cleave gag. Can Mary Jane look really sad and defenseless while Black Cat looks really angry.

Heres two reference pictures for Ultimate Mary Jane -

This one is the clothes i'd like her to be wearing

And this is her hair style i'd like her to have

This is a Ultimate Black Cat reference

I know this is quite a challenging task and i would so badly appreciate this. It would really make my day because you never see Mary jane or Black Cat tied up and i've looked across the internet for so long and haven't seen a single one of them.

If your interested then please pm me

thanks in advance
