How about Mercury's Spokesmodel: Jill Wagner?

*edited:

I just found out she is also the chick on Blade.

Her jaw-line is a tad masculine; she doesn't look the same on the series as she does in the commercials, but I still think she would be a good choice.

Unfortunately I cannot find any decent pictures of her to test my theory.

Yeah I know I saw her mentioned back there, but the latest buzz I've heard is that she actually in negotiations with the producers of the movie itself right now.
