It's official now. The Wonder Woman movie will SUCK!!! Ok, maybe I'm being a bit hasty. It's being fast tracked and a script by Matthew Jennison and Brent Strickland is being considered. Goyer really likes it. Now it needs a director...I know...how about Joel Schumacher?

(I know...I said I probably not post here again until this was past 1,000 posts...BUT...)

Well...if it's gonna suck THAT bad...why not throw in the towel...and a fresh name for the new director?

Rob Zombie. Com'on, He did a real unique start with "House of 1,000 Corpses"; didn't he?

OK.

As for Wonder Woman....

BILLIE PIPER !!!!

(what do you think of her, Wasmith? Oh, yeah, what did you think of the episode "Parting of the Ways?")
