 Here's just a thought I had?
You see I'm kinda puzzled...if Tony Stark cloned THOR and he's a God like Mystical being who transformed from a whimpy crippled Doctor wouldn't they end up with a clone of the Doctor not THOR?

Now you're getting stuff mixed up DD. Thor was born a God. He was *then* turned into a whimpy human doctor as a punishment by Odin. Thor was an arrogant, disobidient little punk, and Odin felt that might teach him a thing or two. I guess grounding him wasn't enough?
