I would like to give my congrats to Kev and Effy. You guys did great. Effy, your improvement over the course of this contest was an amazing thing to see, you did awesome! Kev, as soon as you signed up I expected you to win, and you didn't disappoint. Well Done Sirs!

But I would also like to give my congrats and thanks to Dan.

Thank you Dan for running such a great contest. Not only did you produce and run this excellent contest for all of us. As a result of this mega event you had us fill the galleries with a treasure trove of excellent images. Your generosity in funding the prizes and putting this thing together deserves a great deal of praise. Thank you.

For myself looking back at this contest, I am extremely happy with what I produced. I completely changed the type of style I was known for in the past changing from manips or pencils with digital colors to 3d art doing so well as a 3d newbie is a delight for me.

Until next time, when I will kick all your asses  
, See ya later!
