it is interesting to note that this thread has pretty much died since hitting 1000 posts.

Not that I have anything to say or add.

With the movie in a constant state of limbo does it really matter, it will probably be a number of years down the road anyway. and we will all probably have different choices once it gets made regardless. because a whole new batch of 20 hotness will be ready for the role once the production finally starts.

Ya know, 'Hawk...for the longest time, I wanted to rip the throat outta this thread. Thought you guys were wasting too much time on it; something that was never going to get made. The only thing Hollyweird can do anymore is mke bombs...the worse they are, the more they make.

Now...I kinda miss the old girl. It's like visiting a person who;s inna coma. They're there...only they don't know that you're there, too.

Sad, isn't it?
