Hmmmm!

O.k well apart from a few things did we see the same movie?

I think the script must have been written by a four year old.

You can see producer intervention in every scene, the movie have intense( blurry!) battle scenes followed by dull paint by numbers, plot devices which are so bloody obvious you can't wait for another action scene.

What was wrong with it? Too many villians. Sandman- his motivation was such a corny hanky wetter, aw he's a good man just he's gotta sick kid, the machine he fell into, why?

Next Vemon well what an after thought, what a waste. 10 minutes screen time tops wow, don't believe the hype!

The only character that was well written was the goblin, maybe its because franco is a good actor, but all his scenes were interesting, although the goblin helmet was daft again (sigh!)

And my last gripe just as mary jane started getting interesting, she a damsel in distress again and I really hate it, REALLY hate when dusnt starts screaming.

O.k, plus points.

good interaction between harry,peter and mary jane.

Peter getting stressed and going moody.

J.J.J

In all if I were you I'd wait for the DVD.

Go see Harry potter instead?
