Major Gripe, bringing Gwen Stacy into the picture this late in the game. I mean come on she was his first girl friend and she was KILLED by the green goblin in the comics.

Actually, Spiderman killed her trying to save her. After Green Goblin chunked her, Spidey webbed her feet and stopped her so abruptly that it snapped her neck.

Great video

OK, I saw it last night. I actually enjoyed it a lot, even with all of its drawbacks. It wasn't up to par with #1 & #2... but it was still entertaining. I could have done without how retarded Peter acted in the black suit... either be mean as hell or dance like a retard... but you can't be both. And the Jazz club... I think that was in there just so they could hit the 2 hour plus time frame. What the hell... that was gay too! (wow.. in that paragraph I think I might have just offended Handi-capable people and alternative lifestyle people

Oh well...)

And the final fight was pretty awesome to...

If I hadn't already bought the first two, I do not think that I would buy this one. But I have to have the set... so I will buy it when it come out... just to have the set.
