Ok so you lost me on the color variation. That and I'm not much for dodge and burn. But smudge has definately come in handy a few times. Oh, and what does dropping the line work and adding in details do for you?

the color varistion is just that, a different color added so the skin has some variation.  
well this is going to end up as a painting so in the end the lines will not be present.

more steps.

step 7 - Unsharp mask

step 8 - paint eye brows correct previous burn

Step 9 - lip flats

step 10 - dodge burn and color variation

Step 11 - Smudge Dodge Burn smudge smudge dodge burn burn burn smudge dodge dodge dodge  
Smudge smudge smudge

Step 12 - Drop lines and bland lips to head and details for both lips and mouth area. dodge burn smudge
