I see two bunnies humping... but no "S"

Are you looking at the picture, or are you looking out the window?

There is a picture? OH... I get it... yeah... no... still no "s" but I do see 8 bunnies humping now... those ditry little inbreeders.

I think the image is proof that Big Foot, The Lock Ness monster, and Superman... all exist. God (which ever one you worship) is sending us a message. The end is near...

 you is funny... I'm not just referring to your stench either.

The image clearly shows the super S, but proving a digital image a fake is the business of the FBI. Making a fake image that the FBI can't distinguish from real, that's the CIA. If this guy is in the CIA, I suggest you leave him alone. They have a way to make people disappear. Then where will you be?

Here?

What is here, really? Isn't here just there without a "T"?
