hi, I'm new here, and was wondering if I could make a request....

I was wondeing if anyone'd be willing to create a spider-woman for me. Here's how I want her to look: a blue silkscreen spandex bodysuit with red silkscreen shoulders, mid chest area; sleeve backings, and the chest area merges with the waistline; which tapers into a "thong panty" type of beltline. Inside each of the red areas, is the black webbing, and in the middle of the chest at the top; is a black spider emblem, it's top four legs reaching up to the neck; while the bottom four legs extend down.

In the middle of the back, is a giant red spider emblem that is identical to the one on the chest, and below that; is the back of the "thong panty" which covers the buttocks, and tapers in towards the crotch; leaving the leggings blue.

The gloves reach only as far the forearm, as the sleeves extend just past the elbows; where the gloves meet the sleeves, and the boots reach only as far as the top of the calf muscle.

The mask, is of course the classic Spider-man mask. The Spider-Woman can be manniped, or comic; no 3-d please....

Sure, man. I'll do it.

You just go outside and wait by the mailbox. It's a comin'.
