What about Sabra, the Israel superhero?

Thanx for the sugestion, and I would love to do Sabra sometime in the future but she dont fit for what I'm doing now. For Israel, I think I will go with Uri Oan, he's kind of a superspy/superman I found in Internationalhero site.

Anyway, I would like to thank y'all in the site. You guys have been great since I joined Heromorph with your sugestions how to improve and helping me to make a better work. Your support makes me want to give the best I can in each new work I do.
I really appreciate that. Thank you.
