Saw it July 4th, and I must say that I went in with an open mind since I knew that it was going to be a lot different than what most of us have grown up with. However, instead of being a whining fanboy like most TF Fans, I was pleasantly surprised. I actually loved it! It had plenty of action and humor and a few little homages to what came before. Plus, Peter Cullen's reprisal of Prime was just splendid and the effects were outstanding! A solid 9 out of 10!
