OK everyone that signed up and posted an image should have the scripts for round 2.

If you posted a image and didn't get a script please PM me right away.

you can no longer sign up for the contest once round one has officially finished. Do not post round 2 images until Aug 1. All round 2 images must be posted on or before Aug 31.

You only need one on script image per month to stay in the contest. Images depicted can be from any part of the script you want.

Also please remember that the fictional game shows results are predetermined by the script. the real contest is about art and humor. and results are determined via a poll.

Have fun.

Let the Smackdown Begin!!!
