I'm quite a big Flash fan (did you know he was originally a polo player?) and was quite looking forward to the day he came back to our screens.

But this new show is complete and utter CRAP.

OK.. I have to take back what I said about the Flash Gordon movie... It is freaking AWESOME next to that pile of, how did Chilly put it, CRAP that I saw last night. Wow... I turned on the TV... there was some dude bleeding out of his eyes and I thought, "Wow... kickass... he is squirting out of his eyes" and then some girl waltzes in... shoots the bad dude, the friend Flash needs to find conveniently finds them and they escape without a hitch. YAWN... I still can't believe I wasted the next 35 minutes watching the ending. I guess I kept telling myself... "this HAS to get better"... yeah, no... it didn't. If you need to watch TV on Wed. night... watch re-runs of Family Ties instead of this turd.
