As a lot of you know here at Heromorph we like to support our own. As we have various contests we in the past have offered commission work from a few of the artists that are members here.

We are looking to find out what some of the artists that would be willing to do paid commission work as prizes for various contests that we run here at heromorph and we also want to know what your rates for 1 or 2 character images with a simple background will be.

In the past with many of our contests we have given the winning artist a list of thing to pick from for prizes, each time our winners have chosen commissions from artists as their prizes. If you are an artist that is willing to do this. you would receive an message confirming that you are available before the ending of the event to do the image. If you are available, your name will be included on the list of options for prizes.

Heromorph pays the bill and the winner decides what you make.

If this sound like something you would be interested in doing please PM this account or reply to this post with your pricing.

Thank you.
