"Irony (air&#594;ni)- *noun*

def.1- A statement that, when taken in context, may actually mean the opposite of what is written literally; the use of words expressing something other than their literal intention

def.2-(colloquial) The quality or state of an event being both coincidental and contradictory in a humorous or poignant and extremely improbable way.

def.3- colloquial) An unfortunate and coincidental turn of events that could have been avoided had all parties involved known more.

def.4- someone who goes by the handle of 'virtueismynname' asking for Japanese toon porn on a public forum, an action which by anyone's definition is fairly not-virtuous.
