hi, i love the site

a while back on heromorph i found a really nice Hulk & She-Hulk black & white image (of our 2 heroes getting it on!), but I can't seem to find it anymore. I've tried the heromorph search, and I've tried google, but I just can't seem to find the image again.

i believe this image might be found in the "comic art" section. not 100% sure, though.

any help finding this pic is appreciated!
