I just want to say that I'm really happy with Heromorph.

It's kinda like that place where to hang out for awhile after work (or at work) with cool people with the same interest as we are.

And want to congrat the genius that make this happen for all of us. Great work, guys.

I've been a lurker here for a long time, but when join in, I learn a lot from all the people here, Thanks.

But what I'm really curious about is: what are those new additions next to the our avatar?

It look cool. Hope you keep them.
