Have I answered this thread? I don't know...

When I was young I chose the ultracool sounding nickname of Coldblood.

When I came to Heromorph I wanted to ditch that name because a lot of pervs would see my nickname on a forum or something and take that as licence to email me a lot of stuff I don't want to know.

So I chose Furious Max, because my name is Max and I thought it sounded funny.

After I left and came back I was sane enough to realise that the cooler you want your name to sound the stupider the result (unless you are 14). I took cold = chilly and blood = plasma (part of blood, close enough) to see if anyone would guess the connection.

My hope is that no-one will ever think the name 'Chillyplasma' is cool.
