I would like to try this, but first I need to get my own computer and scanner.... unless I could mail this stuff somewhere? Like Starchild I am pencil only, just nowhere near his skill. Maybe a happy medium between him and Darthpaul (I know that's a very wide range, but they are the only pencilers that come to mind right now.) I'll try to get to a scanner in a couple of weeks so you can see, but I have no guarantees.
