Anyone have a standing archer type pose??? I tried making one but when I twist the head it looks like plastic man's neck LMAO....I have a bow prop just need the pose I suck at posing the figures. PLEASE HELP :)

the trick is to twist the neck a little then twist the head a little.

Man I suck Winter can't get the arms and hands to look right I hate the posing part of this program. I wanna get to the post work LOL. Oh well back at it I guess.
