I have never been one not to give a comment, either an nice one or slightly mean one. You guys can depend on me to give a critique on anything I decide to look at. I have noticed the lack of comments and or critiques on not only my own pieces but others as well. It's a bit disconcerting since a good critique is what helps an artist develop.

Just imagine if nobody had ever told you that something you drew sucked or it looked like Spawn when you were shooting for Wolverine... your Wolvie would always look Spawny.
