Alright, I want in! I remember this from last year and it was awesome. My three character lists are:

- 1) Jason Todd (either as Robin, Hush or Red Hood and in any medium the artist chooses or specializes in).
- 2) Green Goblin vs. New Goblin (from the Spider-Man movies in any way, shape or form that the artist so desires).
- 3) Sinestro, as a Green Lantern, dressed as Santa and giving power rings as Christmas gifts to a teenage Katma-Tui and a child Naratu (she's the new Korugar in the Green Lantern Corps).

Now, these are the speculations on what I can do. I can do pencils, inks and color in photoshop. I'm not very good at photomanipulation, but I'm more than willing to give it a try. I will not do any nudes, anything sexual nor anything pornographic. I will also not do anything blasphemous (I am Christian).
