hey all,

as you may or may not know, there is a live-action GI JOE film coming out in 2009 and guess what I read? according to <http://comics2film.com>, Sienna Miller has been cast to play The Baroness. the plot, according to <http://imdb.com/title/tt1046173/synopsis>:

"Stephen Sommers will direct(here's hoping he'll reign in the CG), from a script by Stuart Beattie. The story is set at Brussels-based GIJOE, an acronym for the Global Intergrated Joint Operatives Entity, and around an international co-ed force of operatives who use hi-tech equipment to battle Cobra, an evil org headed by a Scottish arms dealer."-Real Movie News 11/20/07

sounds interesting, yes? let's hope it's decent. I read a couple of the comics and watched the cartoon when I was younger, but I never really was that much of a fan. any thoughts about the film?
