I can give you 4 reasons I'd entertain the idea of seeing it.

1. Snake Eyes
2. Storm Shadow
3. Destro
4. Baroness

I wanna see a straight up ninja fight between Snake Eyes and Storm Shadow, dammit! I think Destro'd look cool if they did his mask right. And who doesn't love a boobified beast, in a skin tight catsuit?

So, after those 15 minutes are done up. Why bother with the rest?
