Aside from his wings seeming to come out of his spine instead of his shoulder blades, this looks like a very accurate rendition. I like the redesign. Looks more like a birdperson's version of a shirt than the suspenders look I'm accustomed to. Good job!

P.S. This is merely obsevation, not critique, as there is nothing wrong with it. I notice Hawkman's face is also narrow. I can't tell if that is your style or just carryover from Superboy. Like I said before, this is perfectly fine, but I wanted to point it out in case it helps you.
