Mavelle, your english may not be perfect, but neither is most of Heromorph's. Even the english-speakers. Your's is at least readable, which is more than I can say for the nonsense we get from Matrixblur.

P.S. Why didn't anyone mention the huge showdown at the end where Ron and Hermione fight and Hermione is using he immense psionic abilities to rip everything to shreds, but asks Ron to kill her to save everyone, 'cuz even as a nutjob, she has a conscience?

Oh yeah, and Mag-um Voldemort finds out he still has powers in the end and uses them to knock over a KING!In chess. Yeah, he's that powerful, guess now he can reassemble the Brotherhood of Evil Wizards now, huh?
