Two men are sitting in a cabin. Noone enters, noone leaves. Suddenly, both men die, but neither is a murderer. How did they die?

I'll post the answer on wednesday. Kinda ruins the joke to post *right now*.

*Edit: Must not be *that* old Chilly, 'cuz you're wrong.

For now, laugh at this one:

Q: Does The U.K. have a Fourth of July?

(for those who don't know, July 4, 1776 is American Independence Day.)

A: Yes, they just don't celebrate it.
