Heh! I'm glad my work gave you inspiration, Mr. BD!

About your sketches: I didn't understand what was going on in the last pic you posted but I think this isn't so important right now.

I really like the musculature you created for the alien. Very powerful and menacing. The like-an-insect eyes always bring that special feeling of horror and strangeness. Very good indeed!

Do you really need to show him as a bad guy?

Let's see the next phase!
