You should be able to use the Hellfire Club section to upload stuff to if you want. I think it's there with Gold member access - if you can't see it/get to it, I'd suggest you pm someone.

Also, your link to an imageshack file a few posts below is messed up, and causes a 403 error, and can crash Explorer.

I'd like to see it, since I may try a bit of coloring over Christmas break, and am looking for stuff to do as a novice.

edit: tried the linkie again, still a no go for some reason...anyone else have luck?
