As roadkill on the information superhighway, I can't help much. But I suggest (if possible) that submitters be enabled to clean out their own galleries or remove files. (I mean, I'd love to clean out some other submitters' galleries -- but that would not be in the HM spirit...).

-MsVee

Thanks for the idea. but this would increase bandwidth.

Most people do not look at older images. Most people do not go past the front page unless they are new or have been away for some time. If every member started to browse their galleries and go threw the motions of deleting images the amount of traffic and image loading would increase. this would decrease the file size of the site. but would definately increase bandwidth on the short term.
