I was wondering how to say Merry Christmas and Happy New Year in Portuguese but I was too lazy to look it up!

So, to all who speak the language, E desejo-te Um Feliz Natal e um Bom Ano Novo!

Now, about the actual drawings, nicely done, but I'm not sure you understand what I meant about 'organic' drawings. The ship is actually more organic than the squid. The ship has graceful curving lines, while the squid is mostly sharp edges. I like organic vs. geometric *lines*. Just to be clear.

Oh yeah, and great job!
